PROFESSIONAL SUMMARY

B.Tech. graduate in Artificial Intelligence & Data Science (CGPA 8.0/10) aspiring to start a career as a Gen AI Developer Associate. Experienced in building ML pipelines with Python and Scikit-learn, an LLM-powered customer support agent using the OpenAI and Gemini APIs, and a multilingual AI voice-calling agent using Gemini, Flask, and Vapi. Strong in linear algebra, probability, and statistics, with a habit of writing clean, well-documented code and quickly picking up new AI tools.

TECHNICAL SKILLS

Languages: Python, C++, SQL

Generative AI & NLP: OpenAI API, Gemini API, LLM Integration, Prompt-based Intent Recognition, NLP, Voice AI (Vapi)

Machine Learning: Supervised/Unsupervised Learning, Regression, Decision Tree, Random Forest, Feature Engineering, Model Tuning

Libraries: Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn

Backend & Databases: Flask (REST APIs), MySQL, SQLite

Visualization & BI: Power BI, Tableau, MS Excel, Streamlit

Tools: VS Code, Jupyter Notebook, Google Colab, Git, GitHub

Soft Skills: Problem-Solving, Analytical Thinking, Communication, Adaptability, Independent & Team Work, Quick Learner

PROJECTS

Real Estate AI Calling Agent | [GitHub Link](#)

Python, Gemini API, Flask, Streamlit, SQLite, Vapi

- Built a multilingual AI voice agent using Google Gemini that talks to customers in Hindi, Hinglish, and English.
- Developed Flask REST APIs for property search and lead management, backed by SQLite.
- Automated requirement collection: location, BHK/property type, budget, purpose, and purchase timeline.
- Created a Streamlit dashboard to track and manage leads; integrated Vapi for voice-based interaction.

AI Order Tracking & Customer Support Agent | [GitHub Link](#)

Python, OpenAI API / Gemini API, NLP, Pandas

- Designed a conversational assistant that answers order status, delivery timeline, and shipment history queries in natural language.
- Connected an LLM (OpenAI/Gemini) to backend order data to give accurate, context-aware replies in real time.
- Implemented intent recognition and query handling to cut manual order lookups and keep responses consistent.

Movie Recommendation System | [GitHub Link](#)

Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

- Built a content-based recommendation engine using cosine similarity for personalized movie suggestions.
- Cleaned and vectorized movie metadata to deliver relevant recommendations with low latency.

PROFESSIONAL EXPERIENCE

Data Science Intern

Jun 2025 – Jul 2025

Remarkable Skills, Delhi | Hybrid

- Built a house price prediction system using Linear Regression, Decision Tree, and Random Forest models.
- Handled preprocessing and feature engineering; evaluated models with RMSE and MAE to find key price drivers.
- Tech: Python, NumPy, Pandas, Scikit-learn, Jupyter Notebook, Matplotlib, Seaborn.

Data Science Trainee & Intern

Jan 2025 – May 2025

Grass Solutions, Jaipur | On-site

- Developed a regression model in Scikit-learn to predict salary from experience, education level, and job role.
- Owned the full pipeline: data collection, cleaning, preprocessing, feature engineering, training, and evaluation.
- Improved prediction accuracy through hyperparameter tuning and clear data visualization.

Salesforce Training & Intern

Jul 2024 – Aug 2024

Tech Force Academy, Australia | Remote

- Completed Salesforce Fundamentals with hands-on CRM customization, workflow automation, and dashboards/reports.
- Customized objects, fields, and page layouts; supported lead management and automation.

EDUCATION

B.Tech., Artificial Intelligence & Data Science

Sep 2022 – May 2026

Arya College of Engineering & IT, Jaipur, Rajasthan | CGPA: 8.0/10

CERTIFICATIONS

- Salesforce Fundamentals - Tech Force Academy, Australia (2024) | Data Science Training - Grass Solutions Pvt. Ltd., Jaipur (2025)
- Data Science Internship Certificate - Remarkskillededucation, Delhi (2025) | Forecasting Using Machine Learning Tools - NPTEL
- Data to Dashboard: Mastering Visual Storytelling with Tableau - NPTEL | Python and C++ Programming Certificate
